

# Finishing touches

## Deep Divan Bases

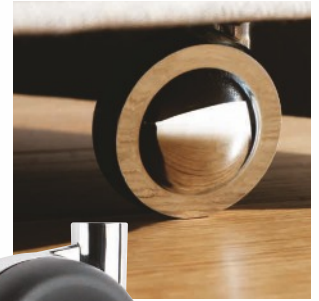

### Divan Skirt

A hand upholstered divan skirt provides an extra example of traditional craftsmanship. The skirt surrounds the entire bottom of the divan base, hiding the castors behind this classic and elegant detailing.

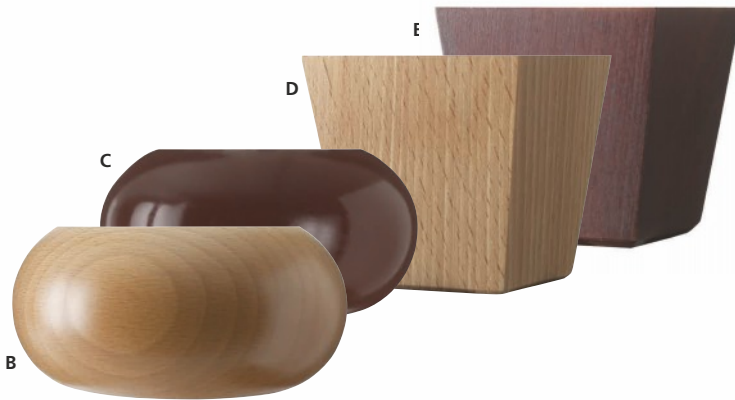

### Divan Castors

Chrome castors (height 5cm) come as standard for smooth-running and easy movement, especially if you have a zip and link'bed where your bed maybe separated regularly into two single beds. Choose black brake castors if you have hard floor surfaces.

### Divan Feet

Hypnos divan feet come in a variety of colours and designs. Choose from a range of discrete wooden feet in oak or mahogany, simply styled to provide extra detailing. Select a brushed aluminium cube foot for a more imposing contemporary look.

## Shallow Divan Bases

### Divan Legs

The legs on a shallow divan are a dominant feature and are characteristic of a traditional or modern bedstead. Choose from a range of turned, curved and tapered wooden legs in natural or mahogany. Alternatively select a round polished aluminium leg for a more contemporary look.
